Our school strategies are showing substantial progress toward our targets

After reviewing our Great Results Guarantee agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

• Developed and implemented a whole school approach to teaching reading comprehension (Sheena Cameron, Teaching Reading Comprehension Strategies)
• Targeted teacher aide support for differentiated teaching of reading in every classroom, every day – specific focus on comprehension.
• Utilising Master Teacher to provide coaching and support to teachers specifically around reading pedagogy.
• Monitor and review Numeracy achievement – diagnostic tests completed every Term in years 1-6.
• Monitor reading performance 5 weeks.
• Building teacher capability to gather and use evidence to determine the specific year-level curriculum students require. This knowledge is used to develop and successfully implement ambitious but achievable individual curriculum plans.
